

## Harry Simpson, Former Graylingite Dies

Word was received by the Clayton Straehly family Tuesday telling of the death Monday afternoon of Harry E. Simpson of Carlton, Mich., in Monroe county. Details of Mr. Simpson's passing were not stated, but it is presumed that it was quite sudden as his Grayling friends had not heard of his being ill.

Mr. Simpson was born in Grayling and was the son of Mrs. Soloma Simpson and the late Milton Simpson. He attended Grayling schools and when he was old enough worked in the grocery store his father operated for years where the Grayling Restaurant is now housed. After his father's death he continued in the business and for a sideline became agent for Studebaker automobiles. The grocery store was later sold to Hans Petersen and Mr. and Mrs. Simpson, the latter who was Irene Burton, left for Monroe, which was about 15 years ago. He went to Monroe to take over the agency for Studebaker automobiles and since has been interested in an automobile agency in that city. They had resided in Monroe until a year ago when they purchased a home at Carlton, a suburb of Monroe.

Surviving the deceased besides his widow are his mother Mrs. Soloma Simpson, who is 84 years old, of Ann Arbor and one sister Mrs. Laura McIntyre, of the Soo, all who have the sympathy of many friends. Funeral services are being held at Monroe this afternoon with interment at Bronson, Mich. Clayton Straehly and daughter Annabelle left Wednesday morning to be in attendance at the funeral.

## FORMER GRAYLING BOY MARRIED IN ATLANTA, GA.

Grayling friends of Mr. and Mrs. John Zeder of Battle Creek have received announcements of the marriage of their son John Frederick to Winifred Lanore Woodbridge, daughter of Dr. and Mrs. Walter Woodbridge of Kensington Road, Detroit. The nuptials were solemnized in Atlanta, Ga., on October 27 where Mr. and Mrs. Zeder will make their home. "Jack" as the groom is more familiarly known in Grayling is chief salesman for the Chrysler Corporation in Atlanta. He graduated from the Battle Creek High school and from the engineering department of the University of Michigan. His parents and the other Zeders connected with the Chrysler Corporation were in attendance at the wedding. A photograph of the lovely bride appeared in the social sections of the Detroit News and Detroit Free Press of last Sunday.

## A VERY ENJOYABLE PARTY

The benefit Halloween masquerade party given at Shoppengons Inn last week Friday night, and sponsored by the Kiwanis club, was one of the most enjoyable parties ever given by that organization. Music was furnished by an orchestra from Traverse City.

The party was a most enjoyable and successful one. Everyone had the grandest time! A buffet lunch was served during the evening. The party was small so the Christmas fund wasn't greatly enriched.

"Best dressed" prizes went to Miss Martha Johnson and Dr. Keyport, and for the best dressed couple, Mr. and Mrs. Don Sweeney won in a field of many contenders. Alfred (Bud) Sorenson with his Hitler mustache and makeup made a fine hit. He was greeted with many "hells."

## Grayling All-Set For Boxing Tourney

Chairman Harley Russell met Wednesday evening with the various committees of the Championship Belt tournament that will be held here November 13, 14 and 15. Last minute details are being looked after and everything is in order for the three big evenings.

The tournament is being sponsored by the Rube Babbitt Chapter of the Izaak Walton League of Grayling. The following local boys will enter and are being sponsored by Hartley's Cash and Carry store: John Selesky, Rudy Harrison, Delbert Bailey, and Grant Giffin. The Loyal Order of Moose also will have a team of local boys in the tournament. Entry blanks have been sent to various towns and CCC Camps, and it is expected that there will be many cities represented.

## HARRY HEILMAN COMING NOV. 7TH

Harry Heilman, popular sports announcer on the Michigan Radio Network, will make a personal appearance in Grayling on Tuesday, November 7.

He will be at the Rialto theatre at 7:30 o'clock p. m. to conduct his "TOWN MEETING" broadcast—a program originating in a different Michigan town or city each time. During the "Town Meeting" broadcast in Grayling next Tuesday Harry will introduce a number of local citizens to the radio audience, discussing subjects of universal interest with them. The broadcast is informal and unrehearsed, and will be an added attraction to the regular program on Tuesday night only.

Inasmuch as the program will be recorded, persons appearing before the microphone with Harry have the unique opportunity of hearing themselves on the air on Friday, November 10 at 12:45 P. M. on the Michigan Radio Network.

Everyone is invited to attend and participate in the broadcast in Grayling next Tuesday.

"Town Meeting" is heard regularly on Monday, Wednesday and Friday at 12:45 o'clock.

## About 75 Attend Moose Party

About seventy-five members and guests of the Loyal Order of Moose accepted the invitation to a chili supper, at the Moose hall Saturday evening, Oct. 28. Bowling, shuffle-board, billiards, pool, and ping-pong games were enjoyed until supper was announced by the committee.

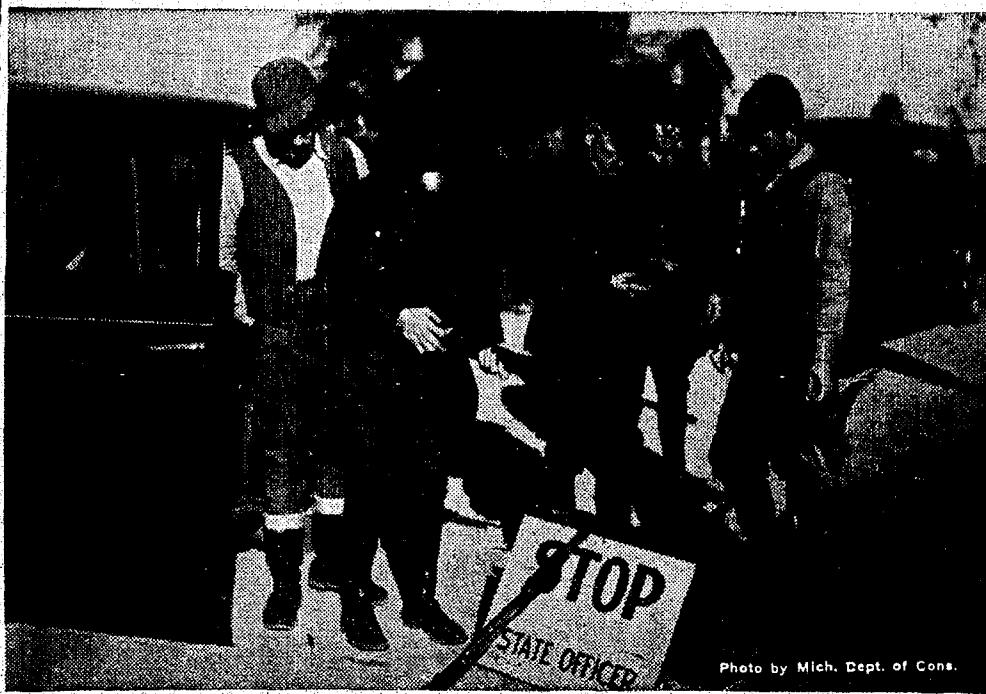

The Lodge is planning on giving a party of this sort for its members and guests each month during the winter, the party for November will probably be a venison supper, the date of which will be announced later.

The membership of the Lodge has increased steadily during the past few months and a chapter of the Women of the Moose is being organized, to which the wives, daughters, mothers and sisters of Loyal Order of Moose members are eligible.

## BEST NEWS COVERAGE OF ALL WAR FRONTS

Four of the world's greatest news-gathering agencies, the Associated Press, the United Press, the North American Newspaper Alliance and the joint Detroit News-Chicago News Cable and Wireless Service now offer readers of The Detroit News the most complete coverage of events on all news fronts. To be best informed, read The Detroit News.

## CHECKING STATION

At scores of locations on Southern Michigan highways, officers of the Michigan Department of Conservation check licenses, guns and game taken by the state's half million small game hunters.

With the opening of the deer season similar checking stations will be established on highways of the northern part of the state.

## School Supt. Talks To County Health Unit

The Crawford County Health Unit met in Maple Forest Thursday, Oct. 26, with forty-three in attendance. The speaker for this meeting was Superintendent Gerald Poor of Grayling schools.

Mr. Poor's talk and report was on Junior Red Cross and was most interesting.

Mrs. June Underwood furnished the music for the program. There were readings by Mrs. Dan Babbitt, Mrs. Arthur Howse and Mrs. A. Peterson.

Mrs. Robertson gave her report and said that whooping cough clinics would be held in the near future. These clinics are for small children.

A most delicious lunch was served by the Maple Forest ladies.

The next county health meeting will be held in Grayling on Nov. 30 at the new Grange hall.

These health meetings are open to all and everyone interested in these health talks are cordially invited to attend.

Mr. Poor's report read in part as follows:

The work of the Junior Red Cross in Grayling was presented. A wide variety of activities was listed, centering around the Grayling schools. Clothing and tennis shoes were purchased so that more regular attendance at school might be possible and so that gym classes could be participated in. Milk, Ovaltine, and halibut capsules were purchased, hot cocoa was supplied to forty children during the noon hour to supplement their cold lunches.

Prizes were supplied for winning grades in the sale of Christmas TB Seals through Junior Red Cross money. Considerable clothing was donated and distributed through the office of the school nurse. The drive for membership is carried on each fall through the school, with each room and grade participating. Plans are going forward for this annual campaign to keep the good work going forward. It is also hoped that the entire county will participate.

## TELLS ABOUT U. OF M. PRESS CONFERENCE

As Chairman O. P. Schumann of the program committee of the Kiwanis club had been out of the city for about a week, a program for the meeting hadn't been prepared. Accordingly President Charles E. Moore gave the program assignment for Wednesday to Mr. Schumann.

The latter told of some of the highlights of the U. of M. press club conference held in Ann Arbor the last week end. Also about the 10th anniversary of the presidency of Alexander G. Ruthven. Three big days in Ann Arbor, with something to do every hour provided plenty of interesting things to tell about. The session ended with the big Michigan-Yale football game.

## To Organize Sportsmen Club

It is proposed to organize the Grayling Sportsmen's Club, at the courthouse Monday evening, Nov. 6th, at 7:30 o'clock.

The object in view is to assist in the conservation of our wildlife, to improve hunting and fishing conditions and to teach true sportsmanship.

The dues are to be only 50 cents per year. All of this money is to be spent for the purchase of seed, to be planted by the members in Crawford county.

This movement was first started in March, 1939, by Carl Sorenson. A list was made and those interested signed and paid the fee. Fifty members are paid up at this writing.

Cards have been mailed to each member asking them to come and bring friends and it is expected that there will be at least one hundred charter members.

The question of feeding our deer herd during the winter will be given considerable thought.

It is my opinion that a few interested hunters can do a lot of good for the deer during the month of February when most of our young deer find it hardest to get something to eat. Our deer herd has a real value as a tourist attraction and it is, or should be of interest to every citizen to keep them.

Small game hunting conditions can be improved also by planting clover and other seeds. The seed is to be purchased with club funds, and given to the members who agree to plant it. In this way each hunter can improve his own pet hunting ground and at the same time help hunting conditions in general.

At Frederic there is a sportsmen's club organized along these lines and they are doing considerable good. We hope to be able to cooperate with them.

Ben B. DeLaMater.

### Hunting Unlawful In Hartwick Pines Park

To the Editor,

Grayling Avalanche:  
There seems to be some misunderstanding among certain deer hunters that the Hartwick Pines park is to be opened to deer hunting this fall. This is not true as Act 288 P. A. 1929, Chapter II General Hunting Regulations 6210, reads: "Hunting in State Park or Game Refuges Sec. 2. No person shall trap or hunt with firearms or dogs or in any manner in any State park, State game refuge or other lands under control of and dedicated by the Department of Conservation as game refuges or wildlife sanctuaries, excepting under a permit issued by the director of conservation."

The department did issue notice this summer that camping would be permitted to deer hunters this fall in state parks on camping grounds where electric light service, etc., could be given hunters. But that hunting was to be allowed to hunters on state park property.

Respectfully,  
Caretaker.

## Seniors To Present 'Porterhouse Stake'

Thursday evening, Nov. 9th, the Senior play "Porterhouse Stake" will be presented. For some time now a cast under the direction of Miss Hane have been quietly making preparations for this big event and they promise something extra special for all play lovers.

Messenger Boy—Frank Jensen.

## CCC Camp News

### CAMP AU SABLE

Captain Pritchard picked some pansies in full bloom from one of our flowerbeds on the 31st of October in a snow storm. That is almost a record.

We have remodeled the interior of the dark room and added some more equipment. Mr. Hyde, a foreman at Camp Higgins Lake, who teaches our class in photography, says we have one of the best amateur dark rooms he has ever seen.

Harry Moffett, formerly educational adviser at Camp Pigeon River, follows Orrin Lathrop as adviser at Camp Hartwick Pines. Mr. Lathrop goes to Camp Eldorado.

Mr. Littler and Mr. McDaniel are attending the W.P.A. director's conference at Camp Higgins Lake, today and tomorrow.

Our men have completed the planting of 90,000 hardwood trees near Dam No. 2 on the North branch of the AuSable.

We have the pump house at the hatchery almost completed. If the citizens of Grayling would do a little promoting they could have a beautiful park around the hatchery.

In recognition of the faithful work done by the men in beautifying the camp during the past summer, a party was held Friday evening. The camp orchestra dispensed music and Eddie and his helpers dispensed abundant refreshments and a "Good time was had by all."

Leslie Merrithew was discharged Tuesday to accept employment. Stanley Borczyk was sent to Fort Wayne, Detroit, for medical care.

Superintendent Frye accompanied Bruce McGregor, foreman, to Bay City last week for an x-ray check-up on an injured knee.

Approximately 50 of our men have voted by absentee ballot this week for mayor of Detroit.

## Exploitation of Mich. Natural Resources

A fascinating history of the Michigan copper country, written by James K. Jamison, Ontonagon, former deputy auditor general at Lansing, has just come off the press of the Ontonagon Herald, a weekly newspaper.

Dealing with "an American frontier," the book ("This Ontonagon Country") gives an illuminating picture of the exploitation of Michigan's mineral and timber resources by outside interests and the rise of the tourist industry to salvage and rebuild.

Author Jamison portrays the days, 80 to 100 years ago, when Ontonagon was the most thriving town on Lake Superior. From the early fur trade of John Jacob Astor, whose original headquarters of the American Fur company still stands at Mackinac Island (disgracefully neglected) to the Civil war copper boom and later to the pine-cutting spree following the great Chicago fire, Jamison characterizes this pioneer history in one terse word—"exploitation."

He sums it up in one paragraph: "The fur trade left no mark upon the Ontonagon country. Its servants were sojourners, not settlers. The beaver vanished, and the Indian vanished. But it has always been so with the Ontonagon country. Those who took its great wealth of fur, gave it nothing in return; those who were made rich by its mineral wealth, left nothing to pay for it; those who profited by the exploitation of its enormous resources, dwelt and invested their profits elsewhere."

### Mining Boom

Before the Declaration of Independence had been signed, mining of copper had started in the Lake Superior country.

Alexander Henry, a traveler, visited the Ontonagon country in 1766 and saw the historic pure copper boulder which now rests at the National Museum at Washington. In 1771 the mining of copper was begun by Henry, and an industry was founded which in Civil war years brought tremendous prosperity to this northern frontier.

Because of war demands, the price of copper soared to 56 cents a pound. A five-story hotel, the Bigelow House at Ontonagon was a testimonial to this prosperous era.

Just as fur profits went into Astor's realty investments in New York City, mining profits went east to Boston. As the war ended, the copper bubble burst; scores of mining camps were abandoned; half the houses in the northern Michigan towns were deserted.

### Pine Period

Next came the era of the pine, following the granting of public lands by the government to companies that undertook the building of railroads and canals.

For example, the St. Mary's Ship Canal Land company at the "Soo" was financed by capitalists on the basis of extensive land grants.

"The construction job is completed," relates Author Jamison, "the company of capitalists presents the list of lands they have selected, and patents to the lands are issued, signed by the President of the United States. Investment, perhaps we should call it speculation, in western lands was a notable capitalistic enterprise of the time."

Thus the best pine lands passed into hands of exploiters. The land was stripped of its timber to meet the needs of a

booming Middle West. In Michigan it is estimated that twelve and fifteen million acres were divested of timber resources. They became cut-over land, a problem to the state for many decades.

### Tourist Lure

"Long before the Civil war, Mackinac Island was the summer home of many southern plantation owners," writes Author Jamison in "This Ontonagon Country."

Travel in the early days followed the Great Lakes.

The boat fare from Detroit to Ontonagon was only \$14.

The tourist lure of this Upper Peninsula country and Mackinac Island whose history antedates the founding of the American republic itself, has grown through the years until today it is recognized as the economic hope of tens of thousands of people.

William J. Coates, Alpena county welfare administrator, phrases the possibility as follows: "Considering the fact that the tourist business is now the second largest business in Michigan, one needs not be a dreamer of dreams to see the possibility of doubling, tripling, quadrupling, and then going on to even greater developments. This is not a crop to be cut off in one season or succession of seasons and leaving only ugly stumps dotting the landscape. It will become a perennial harvest increasing in value with each recurring season."

The history of the Ontonagon country, so ably related by Mr. Jamison, parallels that of much of the Upper Peninsula and to a large extent mirrors the past of Northern Michigan.

It brings into sharp focus the sorry exploitation of Michigan's natural resources and the growing importance of Modern Michigan of its forests, lakes and streams.

## Womans Club

The Grayling Women's Club will have its first meeting of the year on Monday, Nov. 6, at the home of Mrs. Esbern Olson. This year promises to be one of the most interesting of the Club years. Instead of the usual varied program the club intends to study the countries of the Pan-American Union. This will be carried out in the form of a tour.

After leaving New York the first country visited will be Brazil, with a stop-over at "Rio." The club will arrive there Nov. 13th.

The study of each country will include all its interesting spots, its music, literature, food, customs, etc. Each member will be issued a ticket for their Pan-American tour.

The end of the Club year marks their return to New York after a very interesting trip.

Mrs. Frank Bond is chairman of the program committee this year, assisted by Mrs. Ernest Hoelsi and Mrs. Carl Peterson. They have worked hard and long to make this imaginary tour a profitable and interesting trip and we are looking forward to it. All members, new and old, are urged to be present.

## News Briefs

Mrs. Albert Charron is enjoy-  
ing a few days visit from her  
mother, Mrs. Sophia McGillis,  
who will soon be returning to  
Flint for the winter. She has  
spent the summer as has been  
her custom, among her children  
here and at Roscommon.

Rev. Lester Anderson of Traver-  
se City will be at the Calvary  
church next week on Tuesday,  
Wednesday and Thursday even-  
ings and will show stereopticon  
slides on "Fulfilling the prophecy  
of Palestine." The church is now  
located on Alger and Oliver  
streets. Sunday school is held at  
10:00 o'clock with preaching ser-  
vice at 7:30 o'clock in the even-  
ing.

To help the inmates of the Amer-  
ican Legion Hospital in Battle  
Creek, the local American Legion  
Auxiliary will hold a sale of oc-  
cupational therapy Saturday af-  
ternoon and evening, Nov. 4, at  
the Johnson Furniture store. This  
consists of fancy work of all  
kinds that has been made by vet-  
erans of the World war. The  
Auxiliary will receive no com-  
pensation whatever; they will  
give their time and efforts to  
help these unfortunates. The  
work is beautifully done and the  
articles are reasonably priced.

The ladies of the "Just Us"  
club and their husbands and  
escorts met at the home of Mr.  
and Mrs. Robert Sorenson Sun-  
day evening. On their arrival  
each drew the name of the part-  
ner they were to have for the  
evening, and then they left at  
once on a treasure hunt. Miss  
Muriel DeLaMater, Mrs. Robert  
Sorenson, Bill McLeod and  
Robert LaMotte were the first to  
return with the signature of the  
night marshal, which was the  
treasure. A delicious lunch was  
enjoyed.

Hal Burris and J. C. Peck of  
Detroit have been in Grayling a  
few days to hunt deer by arch-  
ery. Equipped to the teeth for  
the fray, they sallied forth early  
Wednesday morning. They saw  
a few bucks but didn't get close  
enough for a reasonable shot. To-  
day (Thursday) however, from  
what they said, it looked like a  
case of buck fever. One grand  
old denizen of the forest boldly  
ventured out into the open right  
where Peck was waiting. He  
stood with full flank exposed and  
apparently waited for the dread-  
ful dart, but it did not come. He  
turned the other flank, making  
it still more convenient for the  
daring archer; still the shaft did  
not come. Finally, in apparent  
disgust, the antlered monarch  
bounded away. As the tempera-  
ture of the hunter subsided he  
finally let fly, the arrow just  
missing its intended victim. After  
that experience Peck was ready  
to sell his expensive bow and  
arrows at a very low price—dirt  
cheap.

### BOY SCOUTS VISIT MT. PLEASANT

As their major project for  
October, Grayling Boy Scouts  
with their Scoutmaster Herbert  
Rowland, drove to Mt. Pleasant  
after school Friday. The trip  
was made to see a night football  
game and the Scouts enjoyed see-  
ing Central State Teachers Col-  
lege down the Ballstate Teachers  
College of Indiana in a 7 to 0  
game.

There were 47 in all who made  
the trip, this including drivers  
and Scouts. They filled seven  
cars furnished by Rev. H. W.  
Kuhlman, Carl W. Peterson, T. P.  
Peterson, Gloria MacNeven, Ger-  
ald Herrick, Earl Burns and Mr.  
Rowland. All enjoyed the out-  
ing very much.

The project for November is to  
make up Thanksgiving baskets  
for needy families.

### CHRISTMAS TOY RENOVATION PROJECT

Christmas is coming. Let us  
have our old toys, dolls, etc.

The Junior Ladies Aid of Mich-  
elson Memorial church are spon-  
soring a toy renovation project.  
The Boy Scouts and Girl Scouts  
organizations will cooperate in  
the repair.

Leave toys at Connine's store  
or call Phone No. 3281 where  
school is in session and a pick-up  
will be made.

All toys received will be re-  
paired and given out at a com-  
munity Christmas party at Mich-  
elson Memorial church.

This project will be carried  
out under the leadership of the  
W.P.A. Recreation leaders.

## NEW CARS A SENSATION AT NEW YORK SHOW

Thousands flocked to the opening of the National Au-  
tomobile Show at New York's Grand Central Palace  
and enthusiastically endorsed the motor industry's  
1940 products. Photo above shows crowd shortly after  
the doors opened. At the left, Lew Lehr, famous movie comic, uses the familiar facial expressions to in-  
dicate his satisfaction with the new cars while, right, Cliff Hardesty, winner of the International Soap Box  
Derby, inspects a wear-test machine used to demonstrate the durability of canda cloth, a new style uphol-  
stery fabric.

THE climax of a year's prepara-  
tion by the nation's automobile  
manufacturers was reached with  
the opening in New York of the  
National Automobile Show at the  
Grand Central Palace. Thousands  
of prospective buyers flocked to  
the show and expressed their approval  
of the new cars.

Complete new styling and count-  
less mechanical improvements were  
exhibited by the manufacturers  
with emphasis on beauty, both in-  
side and out. Exterior design has  
been greatly enhanced with styling  
in most of the lines daring and ex-  
treme.

Streamlining is the keynote and  
is coupled with a keen sense of  
proportion, with every line not only  
adding to the beauty of the new  
cars but performing wonders for

a utility standpoint. Greater width  
has been obtained and in some cars  
it is possible to ride four people  
in the front seat.

Among the many interior im-  
provements are newly developed  
upholstery fabrics, smartly de-  
signed instrument panels and general-  
ly increased roominess. Perhaps  
the most outstanding creation and  
the one arousing most interest  
among the consumers is a new up-  
holstery fabric known as canda  
cloth, which combines the best fea-  
tures of mohair velvets and flat  
fabrics. Presented in several colors  
and patterns to blend with exterior  
colors and interior trim, the new  
fabric has a smooth, friction-free  
surface. Like mohair velvets, it is  
long-wearing and washable.

In addition to styling features,  
many gadgets made their first ap-  
pearance at the show. Noteworthy  
among these are a front and rear  
direction indicator; new style radio  
aerials; improved air conditioning  
units; and seats that fold to a com-  
fortable double bed. Much inter-  
est was displayed in a new fluid-  
drive transmission.

Sales were at a rapid rate, re-  
ports from various exhibitors indi-  
cated. In addition to New York fig-  
ures, telegraphic reports from all  
over the country pointed to an ex-  
cellent reception for the 1940 line  
of cars. Many reported that orders  
from the field were taxing produc-  
tion facilities and that schedules  
were being increased to handle  
dealer orders.

one Life Saver 25 years ago; Miss Carol Hawes of Peabody, Mass., became  
number one million in August, 1939.

THE water-sky American is fast  
becoming obsolete. It is esti-  
mated that upwards of 80,000,000  
persons now go swimming and boat-  
ing in this country each year, which  
is said to be more than the number  
participating in all other forms of  
active recreation combined.

Despite this tremendous increase  
in aquatic activity, the annual num-  
ber of drownings has been decreased  
by one-third since 1914, when the  
Red Cross Life Saving Service was  
first organized. The information and  
practical instruction provided by  
this service is largely credited with  
that accomplishment.

During the 12 months ending June  
30 of this year, 100,361 persons re-  
ceived Red Cross life saving instruc-  
tion, successfully passed the stand-  
ard tests and were awarded life sav-  
ing certificates. Since then the one-  
millionth Red Cross life saving cer-  
tificate has been awarded, and the

number continues to grow at an in-  
creasing rate.

An important part in this wide-  
spread safety program is played by  
the Red Cross Aquatic schools, con-  
ducted every summer in various  
sections of the country, where young  
men and women, qualified as life-  
savers, are trained in teaching ad-  
vanced life saving and swimming  
methods. More than 2,300, enrolled  
in 18 Red Cross Aquatic schools this  
summer, have been added to the  
ranks of life saving instructors.

The success of the water safety  
program in reducing deaths due to  
accident is attributed by the Red  
Cross to greatly increased knowl-  
edge of safety rules in swimming  
and boating, the widespread knowl-  
edge of methods of rescue and re-  
suscitation, improvement of safe-  
guards and supervision at pools and  
beaches, and the increasing empha-  
sis placed upon prevention of water  
accidents.

### The Little Less

Anxious Sportsman (who thinks he  
has backed a winner)—Did you  
send off that wire in time?  
Village Postmistress—Yes, sir, but  
the money was a penny short so I  
left out the name of the horse.

### TEACH HIM A LESSON

"I don't know what to do with  
that boy of mine. He won't go to  
school, he won't work and he's al-  
ways asking me for money?"  
"Why don't you get him a job as  
collector for an installment house?"

### Oxygen

The teacher of a chemistry class  
asked:  
"For what purpose do automobile  
shops use oxygen?"  
"For the carburetors to breathe,"  
a pupil responded.

### Just a Guessing Game

Jones—Well, how do you find mar-

## NYA Seaplane Base Dedicated at Beulah

The above picture shows the dedication ceremonies at Crystal Lake, near Beulah, when the first of a series of seaplane landing floats constructed by the National Youth Administration was officially opened with the arrival of three seaplanes, one piloted by Capt. Robert S. Fogg, seaplane terminal expert of the Civil Aeronautics Authority, from Washington, D. C. Seven of these landing floats are now already completed with plans for 14 more to be constructed in the next few weeks in NYA workshops. Besides Beulah, the seven completed docks are at Houghton Lake, Bear Lake, Topinabee (Millet Lake), St. Ignace, Escanaba and Lake Gogebic. Communities selected as sites for bases furnish the materials used in construction of the 20 x 10 foot floats. The interest and cooperation of these communities indicates that by next spring the state will be well supplied with seaplane bases according to reports from the Civil Aeronautics Authority and the National Youth Administration.

## Employment Service Helps Youth

Young people 16 to 25 years of age are shown here registering at one of the recently organized Junior Placement Sections of the Michigan State Employment Service. Trained Junior Counselors at 54 MSE offices now give specialized attention to the employment problems of young job seekers.

Availing themselves of this service, the National Youth Administration has designated the Junior Placement Section as the certifying agent for its work projects for unemployed youth. NYA youth are now required to report to their Junior Counselor every 60 days in order that frequent contact can be kept with their needs and their job opportunities.

## THE POCKETBOOK of KNOWLEDGE BY TOPPS

## National Consumption of Fruit Juice in Huge Gain

The average American today drinks 24 times as much fruit juice as he did eight years ago, according to Bruce McDaniel, general manager of the Mutual Orange Distributors of Redland, Calif.

Last year the nation's pack of unfermented fruit juices, exclusive of cider, was 24 million cases; in 1931 it was slightly over one million cases, McDaniel stated. At least 14 different juices are being packed today, with citrus fruits and pineapple leading the field, he said.

"Changes in public taste are responsible only in part for this huge increase," McDaniel said. "A bigger factor is said to be the rapid development of America's efficient mass distribution system, which has brought an abundant supply of fresh fruits and vegetables within the budget range of millions of families in the lower income brackets."

McDaniel cited a recent nationwide citrus fruit campaign launched by chain stores and other retailers to move bumper crops in Florida, California and Texas, as a graphic example of the operation of this system. During the campaign, consumption of citrus fruits and fruit juices was boosted as much as 60 per cent over the same period of the previous year, he said. In two of the three 10-day periods of the campaign, one chain store organization alone moved approximately 78,000,000 oranges, equal to two and a half oranges for every family in the nation.

"Extensive newspaper advertising, co-ordinated sales promotion efforts and consumer education programs were utilized by 240,000 participating chain and independent stores," McDaniel said. "The campaign was the latest of more than a score of similar 'producer-consumer' movements staged to assist producers and at the same time provide substantial savings to housewives."

## Collector Purchases

## First Bill of Rights

Dr. A. S. W. Rosenbach of Washington, D. C., has acquired the original manuscript of the bill of rights, which the congress of the United States assembled to consider 150 years ago.

The noted collector of rare books and manuscripts has declined to indicate from what source it had come into his possession.

It was on March 4, 1789, that the congress assembled in New York city, then the national capital, to consider the first 12 amendments proposed for the Constitution. Of these original 12, the first two concerned the number of members in the house of representatives and the manner in which their salaries could be altered. These two were rejected, so that Article III became the first amendment, and so on down the list to Article XII, which became the tenth amendment—the first 10 constituting what the world has since known as the bill of rights.

The manuscript acquired by Dr. Rosenbach was placed on display at Philadelphia. Written on parchment, it bears the signatures of Frederick Augustus Muhlenberg, then speaker of the house, and of John Adams, then vice president of the senate. The document was attested by John Beckley and Samuel A. Otis, respectively, clerk of the house and secretary of the senate.

## Majority of Stutterers Are Men

Nine out of ten of the 1,350,000 stutterers in the United States are men, Dr. James F. Bender, authority on stuttering, has revealed. "The radio and talking movies have made the nation more speech-conscious," Doctor Bender said. He reported the results of a study he has made of 249 college stammerers, over a period of seven years, at the American Speech Correction association's convention here. He is the association's director of information. His survey showed that college students suffering from dysphemia (stuttering) made higher scores in intelligence than comparable groups of non-stutterers. It showed also that stammerers were less sociable and more emotional than persons with normal speech.

## The Ides of March

In the Roman calendar the month was divided into unequal parts by the days which were known as the calends, nones and ides. The calends were always the first day of the month, the nones came on the fifth or seventh, and the ides the thirteenth or fifteenth. Although the term strictly speaking refers to only one day, it is sometimes loosely used of the seven days preceding. The phrase "Beware the Ides of March" is used as a warning of impending and certain danger. The allusion is the warning received by Julius Caesar before his assassination.

## Agricultural War Budget

Marauding insects and destroying fungus disease kill three billion dollars' worth of crops annually in the U. S., according to the department of agriculture, which reports that an increase rather than a decrease in these attacks is probable. For the war against these plant enemies, the annual budget is estimated at not less than \$100,000,000 for supplies of such insecticides and fungicides as sulphur compounds, arsenicals, oils and nicotine.

Instant Sea Soundings  
Standing on the bridge of the liner Mauretania the navigating officer can watch an indicator giving an instant and continuous measurement of the depth of the sea under his keel. Taking soundings formerly was the work of ten minutes or more, says Popular Mechanics. The radio echometer, using a high-frequency beam reflected from the ocean floor, records the depth of water many times a minute by a "peak" of light on a calibrated scale. Thus it plots a graph of the contours of the sea bed and helps the navigator verify his position by comparison with charts of known contours.

By GENE ALLEMAN

Lansing—Barring the possibility of peace before Christmas, sales expectancies of merchants for the coming 60 days are now 10 to 12 per cent higher than for the same period last year. Retail sales have shown consistent improvement, so much so that an early forecast of 6 to 8 per cent rise in December over 1938 has been practically doubled.

One national retail authority is quoted by the New York Times as figuring that the adjusted retail sales index of the Federal Reserve Board would close the year at close to 100, which would compare with 92 in September and 89 in December one year ago.

Oddly enough, while European peace would undoubtedly benefit the United States in the long run and save it from serious trade misplacements that inevitably must follow a disastrous long conflict, an immediate armistice would have a tendency to stop present speculation due to expected war orders. The decreased employment, resulting from suspension of war orders, would hit purchasing power, it is argued.

In any event, Michigan is likely to have a better Christmas than last year. We should be thankful for that.

## Mail Order

The rising purchasing power in Michigan is expected to help retailers in another way.

An important competitor of the community merchant has been the mail order house whose advertising cost in term of each catalog runs well over \$1. (Montgomery Ward, \$1.08). A recent trade survey in Livingston county, made by a newspaper at Howell,

showed that all but 23 of 189 persons received a mail order catalog. The tremendous advertising expenditure by outstate firms indicates the extent of this competition.

With more money in the pockets of farmers and wage-earners, price appeal of merchandise is expected to have less effect than heretofore. Specialty shops and department stores will be the first to regain customers which were lost in many instances to the mail order companies because of the price appeal of the latter.

## Lovells

William Lurchen and Frank Hill of Detroit spent the week end at Big Creek club.

Glen Gregg and Russell Barber of Kalkaska were callers in Lovells last week.

Lee Pomeroy of Detroit was a guest of Iris Nephew over the week end.

The masquerade dance at Lovells was well attended. Honors were won by Mrs. Rosa Dodd, Iris Nephew, Jack Caid, Gloria Feldhauser, Margie Caid, Lorna Deer Nephew, Francis Nephew, Jr., Jeanne Stillwagon, Jane Rowe, and Rheeta Nephew.

Dr. Reed of Ohio had some guests over the week end at his cabin.

**Picaresque Novel Defined**  
The picaresque novel (Spanish, picaresco) is a story of adventure in which rascally tricks play a prominent part. This type of fiction originated in Spain and attained great popularity in England. Thomas Nashe introduced the style there with "The Unfortunate Traveler, or the Life of Jacke Wilton," published in 1594.

## SCHOOL NEWS

### GRAYLING SCHOOL

Monday evening the 6th annual Halloween party sponsored by the Grayling Board of Education was staged at the City Tourist park. This party in recent years has been held at the school but with the weatherman co-operating at least to a certain extent it was decided to hold it outdoors.

Many and varied were the preparations. Material for a gigantic bonfire was gathered, torches were prepared, a stage was built and many other details attended to.

The evening started with a parade of children, led by the band, to the park where many other people had gathered to witness the festivities. All gathered around as the bonfire was lit and a great cheer went up as the fire gained headway and lit up the park in fine shape.

By this light, and aided by torches, the various events were run off. In the torch relay the team of T. Bennett, I. Duncan, C. Wakeley and B. Attwell came in first by a close margin. With the running races completed everybody gathered around the platform to get a good view of the pie eating contest. Each contestant had to consume half a pumpkin pie. In the grades T. Gannon was first and A. J. Charon was second, while in the higher grades D. Case was first, L. Wakeley second and S. Thompson third.

Finally the last event, the costume parade, was announced and all who came in costume marched across the platform before the judges. The costumes were so good the judges had a difficult time determining the winner and finally about 15 youngsters were given prizes.

Then, with all the events completed, the group was dismissed and the big event was a thing of the past for another year. Those in charge did a nice job and a great deal of credit must be given to the Boy Scouts for their work before the event and their assistance at the park.

During the past week the school has added some new playground equipment in the form of a slide for the smaller children. The material was furnished by the Board of Education with the construction work being done by Mr. Clough's recreation department.

The Grayling schools are soon to start their annual Junior Red Cross drive. Each of the students contributing money to this cause receives a Red Cross pin and the various rooms receive a certificate and sticker to post in the room. Most of the money contributed is spent in the local community to aid the needy. All in all it is a very worthy cause and it is to be hoped a goodly sum may be raised during this drive.

### FREDERIC SCHOOL

The intermediate and primary grades gave a tea for their mothers last Wednesday, sponsored by the Home Economics class. They had a program which consisted of a speaking chain, "The Owl and the Pussy Cat," Leonard Bigham recited "Farmer Boy"; Jane Rowe recited "Grasshopper Green"; Nancy Hodge recited "Hallowe'en Song"; Harriet Horton, Joyce Howse and George Benjamin recited "Nutting"; "October" by Betty Lou Barber, David Babbitt, Joan Madill and Gretchen Payne. The tea was most delightful.

The Fifth graders are making a museum of colonial life for geography class. A fine log cabin was constructed by Robert Baldwin. Other objects will be a flat boat, old benches, chairs, a rail fence, a fireplace, an old fashioned crane and a covered wagon.

The Sixth grade are preparing a newspaper which is to be published this Wednesday.

Mr. Piippo, our principal, was absent from school last Thursday and Friday due to illness. Mrs. Lee took his classes Thursday afternoon.

The Seventh and Eighth grades organized their automobile club. The officers are as follows:

President—Robert Bigham.  
Vice-Pres.—Benny Allen.  
Sec.—Doris Harmer.  
Treas.—John Harmer.  
Sgt.-at-arms—Caroline Post.

Friday afternoon the Seventh and Eighth grades had a Halloween party. Everyone came masked and each carrying something good to eat.

The Seniors have something up their sleeve. No they are not magicians. Wednesday noon when we came back from lunch there was a large "Q" on all boards. Thursday when we returned this was "Coming Attraction" Surprise! today they put on the board "All-School Carnival". But When?

Elmer Kellogg is back in school after a short absence. The boys are very much pleased with their new locker benches.

The High school debating team

which consists of Helen Wallace, Jim Cram and Jack Bigham, went to Petoskey last Friday and had two debates. We won the first one from Mancelona, and lost the second one to Cheboygan. They were both very interesting.

Funny things are happening around school. For instance: Phil Dunkley rings the first bell in the morning and Mr. Rowe rings the last. We wonder how long this will keep up.

The Tenth grade has a new student. His name is Walter Gendron.

The Junior class are getting their rings Wednesday. We hope! The English Lit class are now studying the Renaissance Period.

Chemistry class is studying temperatures and thermometers.

English Eight are studying "How to organize a club."

English Ten are studying "How to write an examination." Maybe more than tenth graders should be taking that!

The Junior play date has been set for November 21. It is under direction of Miss Rothfuss.

The Senior carnival is scheduled for November 10th.

## Quick War Relief Given by Red Cross

### Shipwrecked U. S. Citizens, Wounded Poles, Refugees, Repatriates Aided

Washington.—The American Red Cross moved quickly at the onset of hostilities in Europe to organize relief for war sufferers and give aid to American citizens stranded in danger zones or rescued from sea-warfare catastrophe.

Red Cross officials pointed out that following contact of German-Polish forces on September 1, the organization made available medical relief for civilians and armies of Poland; provided aid for Americans repatriating from Europe as they landed in the United States ports; granted medical and maintenance assistance to American survivors of the "Athenia," first sea casualty of the war; gave financial aid to the American Hospital in Paris, France, and developed a comprehensive communications system to allay the fears of distraught relatives.

Norman H. Davis, chairman, cabled the International Red Cross Committee in Geneva on September 1 asking what relief would be needed from the American Red Cross. In a first step in consolidating Red Cross relief forces throughout the nation, 3,700 Red Cross chapters were authorized to begin producing refugee garments and to accept contributions for war relief.

A quick response from the Polish Red Cross to Chairman Davis' cable to the International Committee resulted in an American Red Cross appropriation of \$50,000 for the purchase of 45 items of medicines, and for army blankets and a quantity of large hospital tents capable of housing 50 stretcher cases each.

A grant of \$25,000 was also made to the American Hospital in Paris to evacuate American patients from the hospital and to purchase in the United States a 100 bed hospital unit for shipment to the American organization, it was said.

To meet needs which were thought likely to result from bombardment of rural villages and the passage of hostile armies, the Red Cross called upon 21 of its large city chapters to roll surgical dressings of a special new type for European warfare injuries. More than 500,000 yards of gauze were purchased and 40,000 pounds of cotton, enough to make 157,000 surgical dressings.

On September 2, the American Red Cross announced it was organizing to meet repatriating American citizens at seaport cities through chapter reception committees. Citizens without resources were given temporary shelter, and aided to resettle in their former homes or work.

Between September 5 and 7, the American Red Cross cabled \$20,000 through the State Department to help American survivors of the "Athenia," who had been taken into Irish and Scotch ports.

Red Cross chapters were instructed to accept funds for the purchase of supplies for impartial distribution and funds for purchase of supplies for a designated country to be expended through the Red Cross society of that nation.

"The Red Cross is not interested in the origins of the present conflict," Chairman Davis declared following his cabled offer of assistance to the International Red Cross Committee, "As a part of the great International Red Cross it is our duty to do what we can to aid the helpless civilians who will suffer during the hostilities."

## Interesting Events In Grayling 23 Years Ago

### INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, November 2, 1916

At the orders of the War Department, Camp Ferris is being closed this week. The recruiting supplies have been packed and shipped to St. Louis, Mo., and the Quartermaster's department has been transferred to Lansing.

Major Rogers left Thursday for Lansing and later will make a trip to the Mexican border. Grayling has experienced the most prosperous year in its history. The War department has paid out at Camp Ferris \$200,000, which has been spent for sustenance, hire of teams, forage, wood and ice. The annual camp periods will probably be lengthened to fifteen days, in the future, and the regiments and units greatly enlarged numerically.

Sixty-five candidates were initiated into the mysteries of the Loyal Order of Moose at the regular meeting of the local lodge Monday evening. The crack degree team and other members of St. Charles were officially invited to come as guests of Grayling lodge and to conduct the initiatory ceremonies. In the evening at 7 o'clock there was a big Moose parade. This was headed by the Grayling Citizens band with George Belanger as drum major. Next came Dan Ried of Osego lake leading the goat, "Old Billy." Old Billy was decked out in a real suit of red jersey, and topped off with a red hat. There were nearly 200 men in the procession. At 8:30 o'clock lodge was opened in the Temple theatre, which had been arranged for the occasion, by the officers of Grayling Lodge and later Dictator Elmer Matson handed the gavel of authority over to Wm. Warren, dictator of St. Charles lodge. The candidates were admitted into the lodge room and Samuel Courney of Frederic was selected to receive the initiation, while the others were silent and interested spectators. Under the direction of Peter E. Johnson the banquet had been prepared, and was served by the red side of the candidate committee.

Mrs. Olaf Michelson returned Monday from Jackson, where she went as a delegate from the Goodfellowship club to the meeting of the State Federation of Woman's clubs.

Miss Elsie Erickson, who has been at Grand View college at Des Moines, Iowa, arrived Saturday to spend several weeks here visiting her uncle and aunt, Mr. and Mrs. J. W. Sorenson.

Invitations are out to attend the fiftieth wedding anniversary of Mr. and Mrs. J. K. Hanson at Danebod hall Saturday evening, November 4.

Emil and Joe Kraus left Tuesday for Houghton lake to spend several days hunting ducks.

Mr. and Mrs. W. G. Payson arrived in the city Saturday from Toledo for their annual deer hunt.

Miss Mildred Bunting resigned her position at the local telephone office, after being employed there as operator for over two years.

Miss Mabel Ketzbeck has been confined to her home for the past couple of weeks with a sprained ankle and other injuries she received when she fell down the cellar at the Holiday store, where she is employed.

Mrs. Alfred Hughes was at home to about 32 of her lady friends Tuesday afternoon. It was a very pretty affair the colors yellow and white being carried out in the decorations, as well as the lunch, which was made up of yellow and white dainties. "500" was enjoyed by some of the ladies during the afternoon, while others busied themselves sewing or crocheting.

Mr. and Mrs. Jess Schoonover and daughter Pauline, left Monday for a couple of weeks' vacation in Lapeer and Detroit.

The local Finnish Society are building a Finnish schoolhouse and hall on the South Side near the Finnish bath house. Ground was broken Sunday, everybody taking a hand, and the cement wall was partly built.

Miss Virginia Hanson was hostess to twelve of her little friends Tuesday afternoon, the occasion being a Halloween party.

A funny thing occurred on our streets Monday when Dan Ried was parading his billy goat, advertising the big Moose meeting for that night, when one lady was heard to say, "I thought that moose were a larger animal than that."

Mrs. Samuel Kastenholtz pleasantly entertained ten young ladies at her home Saturday evening in honor of her sisters, the Misses Ruby and Beatrice Richardson. The evening was spent in music and games.

A very pretty Halloween party was given by the Junior Aid society at the home of Miss Mildred Corwin Friday evening. The house was decorated with black and orange crepe paper, and dimly lighted Japanese lanterns. The guests came masked and there was a lively time trying to discover each other's identity. Honors were won by Misses Isa Granger, Janet and Vera Matson.

Friday evening a large crowd gathered at the Masonic hall to celebrate the 25th Anniversary of the Grayling Chapter, No. 83, O.E.S. Christian Olsen was initiated into the order. Nancy Deckrow gave a brief history of

the Order, showing its growth and prosperity. Everyone was then invited into the dining room, where a banquet was served. Melvin A. Bates acted as toastmaster.

With a portfolio under his arm, a diplomat passing through the customs at Dover endeavored to walk past the official.

"Excuse me, sir," said the officer, respectfully, "but have you declared that case?"

"No," was the reply. "I'm traveling under diplomatic privileges, and these are important dispatches."

"Well," answered the customs officer, "the neck of one of your dispatches is sticking out of the case."

**Good Guess**  
"Did you go to the doctor the other day, John?"  
"Yes, I did."  
"And did he find out what you had?"  
"Very nearly."  
"What do you mean, very nearly?"  
"Well, I had \$5.00 and he charged me \$4.50!"

**Words of Action**  
"Which is the better," inquired the young patriot, "to be a silver-tongued orator or a practical politician?"

"It depends," answered Senator Sorghum, "on your personal ambitions. Some people desire the last word and others are concerned solely about the first ballot."

**It Shouldn't Matter!**  
"Say, what do you call this?" demanded the petulant customer of the waitress. "Is it beef or mutton?"

"Well, then," said the waitress, "why worry about it?"

**Too Many Bites**  
Benevolent Old Man—Don't you think fishing is a cruel sport?  
Angler—I certainly do. I've been sitting here five hours and never had a single bite, and I've got three wasp stings, I'm eaten up with flies, and the sun's taken all the skin off the back of my neck!

**Co-operation**  
A parent recently had occasion to punish his six-year-old son. That night he overheard the youngster saying his prayers.

"Please, Lord, make me a good boy," pleaded the child. "I asked you yesterday, but I guess you overlooked it."

**Poor Pa**  
Tommy—Mummy, if someone broke the flower vase, what would you do?  
Mother—I would spank him and put him to bed.  
Tommy—Well, roll up your sleeves. Father did it.
